Conduct constituting an offense under the law may be prosecuted under any applicable provision of Title 2C:40 of the New Jersey Statutes. N.J.S.A. § 2C:40-5.

University Policy Prohibiting Hazing (*Rights, Rules, Responsibilities 2.2.7*)

Any student shall have the right to be free of all activities which might constitute hazing, while attempting to become a member of, or maintain membership in, a fraternity, sorority, athletic team, student organization, eating club, or other organization. Organizations, their members, and their prospective members are prohibited from engaging in or encouraging others to engage in activities that are defined as hazing.

Hazing encompasses a broad range of behaviors that (a) may place another person in danger of bodily injury, or (b) that demonstrates indifference or disregard for another person's dignity or well-being.

Examples of hazing include but are not limited to the following:

Ingestion of alcohol, food, drugs, or any undesirable substance.

Participation in sexual rituals or assaults.

Emotionally or psychologically abusive or demeaning behavior.

Acts that could result in physical, psychological, or emotional deprivation or harm.

Physical abuse, e.g., whipping, paddling, beating, tattooing, branding, and exposure to the elements, or the threat of such behaviors.

Participation in illegal activities or activities prohibited by University policy.

Requiring nudity.

Requiring the completion of errands.

Where an activity amounts to hazing, a person's consent to the activity is not a defense. In order to encourage students who may hesitate to report incidents of hazing for fear of revealing other policy violations, the University may offer leniency to a reporting student with respect to the behavior reported, depending on the circumstances involved.

See also *Rights, Rules, Responsibilities* Section [1.4](#), providing that members of the University community are expected to act in accordance with applicable law.

Acceptable Behavior

Any new member initiation process should be conducted in a manner that respects the dignity of new members and protects their mental and physical well-being. Examples of acceptable behavior include the promotion of scholarship or service, the development of leadership or social skills or of career goals, involvement with alumni, building an awareness of organizational history, development of a sense of solidarity with other organization members, or activities that otherwise promote the mission of the organization or of the University.

For additional information, see <https://odus.princeton.edu/community-standards/hazing>.

Fraternalities and Sororities (*Rights, Rules, Responsibilities 2.2.8.*)

The University does not recognize fraternities and sororities because, in general, they do not add in positive ways to the overall residential experience on the campus. These organizations can contribute to a sense of social exclusiveness and often place an

excessive emphasis on alcohol. Students are discouraged from participating in these organizations. Sororities and fraternities are not permitted to use any University resources or participate in University-sponsored events (e.g., Student Activities Fair, Princeton Preview Program, etc.).

Any individual experiencing or witnessing behavior suspected of hazing is encouraged to report the behavior by calling the Department of Public Safety, filing a report through the anonymous EthicsPoint hotline, or contacting their residential college dean or the Office of the Dean of Undergraduate Students. All good-faith reports of hazing will be taken seriously and thoroughly investigated by the University.
